# HISTORIC VILLAGE SHOW TROPHIES – REFURBISHMENT, UPDATING AND REPLACING

The Feock Home and Garden Society needs to update its legacy stock of 23 presentation trophies, cups, bowls and plates (*referred to below as "trophies"*). These are awarded to the winners of key categories in the annual or biennial summer/autumn produce, flower and homecrafts Show which has been staged in the village since the 1930s.

The engraved names of the winners over a number of decades form an enduring, tangible part of community history at a time when other records are becoming less permanent, and people are often surprised and pleased to recognise the name of a relative or neighbour dating from an earlier generation. Many of the trophies are named in memory of community figures, another part of Parish history.

# HISTORIC VILLAGE SHOW TROPHIES — REFURBISHMENT, UPDATING AND REPLACING

The next Show is provisionally planned for July 2020, which is why the Society is able to conduct this project thoroughly over the summer and autumn months, without the usual hurry between recall from widespread locations and having to award the trophies at the show shortly after recall within the same year.
